0900370	Dispatched to a fire on top of mountainous area (turtle hill). BC12 and Capt 251 investigated as it was an off road area, other apparatus standing by at bottom of hill. Upon arrival found a group of teenagers having a bonfire with stacked pallets, with no fire ring and no source of extinguishment. Advised E5252 to drive up the hill and extinguish the fire. Shortly after, all units left the scene and available.
