**RECOMMENDATION:**

Staff recommends the City Council award the construction bid for the Pony Express Widening project Phase 5 to Kenny Seng Construction in the amount of \$4,111,395.12.

**BACKGROUND:**

Eagle Mountain City received funding for this project from the Mountainland Association of Government for the upcoming fiscal year. The funding requires the City to provide a 6.7% match. This project will complete the phasing of the Pony Express widening between Sandpiper and Eagle Mountain Boulevard from 3 to 5 lanes. Given the increased traffic Eagle Mountain has seen, this project is expected to help traffic through this area. This project does not include improvements to the Eagle Mountain Boulevard roundabout, and there will be a separate contract for the traffic signal at Bobby Wren Boulevard.

In the bid opening held March 9, Eagle Mountain City received 5 bids for this project. The low bidder for this project was Kenny Seng Construction. Kenny Seng was the contractor on the previous road widening project, and is currently contracted with the City for improvements to Corey Wride Memorial Regional Park. The engineer's estimate for the project was \$4,400,000. The low bid was \$4,111,394.70. A summary of the bids received is below:

Kenny Seng - \$4,111,395.12  
Silver Spur - \$4,464,369.47

Staker Parson - \$4,750,697.65

Geneva - \$5,021,233.85

Granite - \$5,257,892.10
